# KEYNOTE Speakers

**Dr.Sam Pitroda**
Technocrat & Entrepreneur, USA

**Dr.Thomas Hahn**
Stockholm University

**Dr.Shovan Ray**
Former Professor
IGIDR Mumbai

**Dr. Jolly Jose**
AMITY University

**Dr Santosh Pattanayak**
Former MD-IRFC

# 'S'EnErgy–25

Innovate. Sustain. Transform

**International Conference on Sustainable Energy, Environment and Technology"**

## ABOUT MBCCET

Mar Baselios Christian College of Engineering & Technology, Kuttikkanam, Peermade, is a self-financing institution for professional Education, affiliated to Dr.APJ Abdul Kalam Technological University (KTU)and approved by All India Council for Technical Education (AICTE), New Delhi. The college is owned and managed by the Malankara Orthodox Syrian Church, which has played a foundational role in its establishment and ongoing operations.Since its inception in 2001, Mar Baselios Christian College has been committed to providing baccalaureate degree programs in various engineering disciplines. The institution has demonstrated steady growth and continuous improvement since its establishment. This year, the college is proudly celebrating its silver jubilee, marking 25 years of dedication to education and excellence. With numerous batches of students graduating with outstanding achievements, the college is on track to achieve its long-term objective of becoming a center of excellence in both quality education and student life.

# ABSTRACT SUBMISSION

**Submission Starts: 30th September 2024**

**Submission Closes: 24th November 2024**

**15 Days** Acceptance Notification: **Within 15 days of abstract**

**Registration opens 10th October 2024**

**Registration Closes 10th December 2024**

**15th Dec** Submission of full Manuscript **15 December, 2024**

## Outcomes of 'S'EnErgy–25

The "International Conference on Sustainable Energy, Environment and Technology" S'EnErgy-2025 encompasses a broad and interdisciplinary scope, aiming to address the critical challenges and advancements in sustainable development. The conference serves as a platform for researchers, practitioners, policymakers, and industry experts to share insights and collaborate on innovative solutions. Participants will engage in insightful discussions on the latest advancements in renewable energy technologies, energy efficiency measures, and environmental preservation strategies. By showcasing cutting-edge research and practical applications, S'EnErgy-2025 seeks to inspire actionable outcomes that address pressing global challenges. Through interactive sessions, workshops, and keynote presentations, attendees will contribute to shaping policies and practices that promote sustainable development worldwide. Together, we aspire to innovate, sustain, and transform our collective journey towards a greener and more resilient planet.

## Tracks of the Conference

- Renewable Energy Technologies
- Sustainable Communication and Transportation
- Environmental Protection and Conservation
- Policy, Regulation, and Economics for Sustainability
- Technological Solutions for Sustainable Innovation
- Community Engagement and Education
- Advancing Sustainable Industrial Production Technologies
- Artificial Intelligence and Cloud Security for Sustainable development

"We have a single mission: to protect and hand on the planet to the next generation." – François Hollande (UN Sustainable Development Goals)
